POST-ASSESSMENT REVIEW

1. DISABILITY SCREENING

This is to be completed at the end of the assessment, based on observations along the way, unless it is obvious from the start that the child will be unable to manage the test – in which case s/he is excluded from the study. The child needs a **No** for all items 1 – 5 to pass the screening process, and is excluded if they have one or more **Yes**.

		Yes	No
1	Did this child seem to have difficulty seeing?		
2	Did this child seem to have difficulty hearing?		
3	Did this child seem to have difficulty speaking (e.g. could not make himself or herself understood in words or could not say any recognizable words)?		
4	When you told this child to do something, did he/she have difficulty understanding what you were saying?		
5	Did this child have any difficulty in walking or moving his/her arms, or did he/she have weakness and/or stiffness in the arms or legs?		
	Total		

2. ANYTHING THAT AFFECTED ASSESSMENT ADMINISTRATION
