RISE ETHIOPIA 2020/21

GRADE 1 NUMERACY AND LITERACY BASELINE TEST: ENUMERATOR BOOKLET

(ENGLISH VERSION)

Instructions	
Before starting, complete the front of the child's Answer Sheet with the school ID, class ID and student ID. Use the Answer Sheet to record the child's responses for this assessment, including any stop rules used, and the post-assessment review.	
1	Read all questions to children exactly as they appear.
2	Assessor says: indicates things you must say to the child out loud. Read this completely and exactly as it appears.
3	Assessor does: indicates instructions for you. Do not read these instructions aloud to the child unless where indicated.
4	Throughout the assessment, offer neutral encouragement to the child. Say things like, 'You are working very hard - keep it up!'
5	Do not indicate to the child that they correctly or incorrectly answered the question, except where indicated in practice trials.
6	Give encouragement in between questions, rather than in the middle of questions. Do not give hints to questions or make facial expressions while the child is completing tasks.

Greeting and verbal assent
Hello, my name is _____. I am working for a research project supported by the Ministry of Education. We are here to learn about how children, like you, learn things and if they know how to play some games. I will ask you some questions about stories and pictures. Some activities will be easy for you and others may be more of a challenge. Don't worry if you cannot do some things. We just want you to try your best. You can stop and take a break if you need to. Just let me know. If you decide at any point that you'd like to stop, or that you don't want to do one particular game, that's okay too. Do you understand? Do you have any questions? Would you like to do these games with me? Are you ready to start?

#1 Expressive vocabulary	
MATERIALS	None
STOP RULES	None
PROMPT RULES	If the child is stuck at less than 10 items, you can prompt once by saying, "What else can you name that you can eat / that are animals?" For foods, if the child says a type of food, such as "fruit", prompt by saying, "What kinds of fruit? Can you say the names?"

	Assessor says		Assessor does
1a	Name as many things that you can eat as you can.	⇨	Write in responses (stop at 10)
1b	Tell me the names of all the animals that you know.	⇨	Write in responses (stop at 10)

#2 Letter identification	
MATERIALS	Sheet #2 Letter Identification and a blank sheet of paper to cover a column
STOP RULES	If 5 consecutive letters are incorrect, stop. Check that stop rule was used and mark all other items as no response [99]
PROMPT RULES	Self-correcting is allowed. If the child gets stuck for more than 5 seconds, point to the next letter and say: “Let's try this one”

#2 Instructions		
Assessor says		Assessor does
We will play an alphabet letter game now	⇨	Place Sheet #2 Letter Identification in front of the child. Point to the practice item.
Point to this letter and tell me the name of the letter	⇨	Have the child point to the practice letter
What letter is this?	⇨	Let the child name the letter. Now cover the right column with a blank piece of paper.
Now here’s a list of letters. Point to each letter and tell me the name of the letter	⇨	Have the child point to the first letter in the left column and name the letter. Then allow the child to continue naming each letter in the left column
When the child finishes the last letter in the left column	⇨	Cover the left column and have the child point to the first letter in the right column
What letter is this?	⇨	Let the child carry on naming letters in the right column

2a	What letter is this?	
2b	What letter is this?	
2c	What letter is this?	
2d	What letter is this?	
2e	What letter is this?	
2f	What letter is this?	
2g	What letter is this?	
2h	What letter is this?	
2i	What letter is this?	
2j	What letter is this?	
2k	What letter is this?	
2l	What letter is this?	
2m	What letter is this?	
2n	What letter is this?	

#3 Letter sound discrimination	
MATERIALS	None
STOP RULES	None
PROMPT RULES	Repeat the list of words ONCE per question if needed. If the child does not respond after 5 seconds, mark as "No response" and move to next question.

#3 Instructions		
Assessor says		Assessor does
Let's play another game. This is a listening game. I like “hats.” “Hat” starts with /h/	⇨	Say the sound /h/ not the letter name
Lots of other words also start with the same sound /h/	⇨	Say the sound /h/ not the letter name
Let’s see if we can find some of them. What starts with /h/: hand, bread, or bean?	⇨	Wait for child response. If the child gives an incorrect response, say “Hand starts with /h/, just like hat”
Are you ready to play some more?	⇨	Wait for this child to acknowledge then ask each question slowly and clearly

	Assessor says		Assessor does	Correct answer
3a	Farm starts with /’f/. What else starts with /’f/? Head, father, gate?	⇨	-	Father
3b	<<Word>> starts with /**/. What else starts with /**/? <<List of three words, one with same starting sound>>?	⇨	-	<<Correct answer from list of three>>
3c	<<Word>> starts with /**/. What else starts with /**/? <<List of three words, one with same starting sound>>?	⇨	-	<<Correct answer from list of three>>

#4 Listening comprehension story	
MATERIALS	None
STOP RULES	None
PROMPT RULES	Each question may be repeated once if needed.

#4 Instructions		
Assessor says		Assessor does
Now I am going to tell you an interesting story. After I have told you the story I will ask you some questions. Listen carefully, okay?	⇨	Wait for the child to acknowledge then continue
This story is called The Mouse and the Cat	⇨	Begin story
Once upon a time there was a fat cat. He always wore a red hat. Once when he was sleeping, a small mouse came silently and stole the hat. The cat woke up to see his hat gone, got very angry, and started chasing the mouse. After a while, the mouse was trapped under a table and could not find any way to escape. So the mouse cried to the cat, "Please don't eat me cat. If you spare my life, I will return your hat." So, after getting back his hat the cat said, "Never touch my hat again" and he went back to sleep in a happy mood.		
Now I am going to ask you some questions about the story.	⇨	Ask each question slowly and clearly

	Assessor says		Assessor does	Correct answer
4a	Who stole the cat's hat?	⇨	-	The mouse
4b	What was the colour of the hat?	⇨	-	Red
4c	Why was the cat chasing the mouse?	⇨	-	Because the mouse took/stole its hat.
4d	Where did the cat trap the mouse?	⇨	-	Under the table
4e	Why did the cat decide not to eat the mouse?	⇨	-	Because the mouse gave back the hat / because the mouse begged the cat

#5 Name writing	
MATERIALS	One blank piece of paper, pencil or pen that is comfortable and familiar to the child, hard surface for writing (for example, table, book, clipboard).
STOP RULES	1) If the child says that she cannot write her name 2) If the child does not write for one minute after your instructions 3) If the child takes longer than 2 minutes to write Mark which stop rule used and say "We're going to move on to our next game now"
PROMPT RULES	None

#5 Instructions		
Assessor says		Assessor does
Can you write your name?	⇨	Wait for answer, if yes, then carry on, if no then stop exercise, mark that stop rule used and move on
Now we are going to write. Write your name here. Just try your best	⇨	Place the blank piece of paper and the pencil or pen in front of the child

Child writes name correctly including: • all letters of name with correct orientation • in correct order	[1]
Has letters in name, but name is not correct: • letters are out of order • other mistakes are made	[2]
Non-name letters	[3]
Symbol-like marks	[4]
Scribbles, no discernible symbols	[5]
Child says "I don't know" or no response	[99]

#6 Copying	
MATERIALS	Sheet #6: Copying, one blank piece of paper, pen or pencil that is comfortable and familiar to the child, hard surface for writing (for example, table, book, clipboard).
STOP RULES	None
PROMPT RULES	None

#6 Instructions		
Assessor says		Assessor does
Now we'll do some drawing. Can you draw a shape just like this?	⇨	Place Sheet #6 Copying Images in front of child and point to X
You can draw here	⇨	Point to box under the X and wait for child to copy
Can you draw a shape just like this?	⇨	Point to circle
You can draw here	⇨	Point to box under the circle and wait for child to copy
Can you draw a shape just like this?	⇨	Point to rectangle
You can draw here	⇨	Point to box under the rectangle and wait for child to copy
Can you draw a shape just like this?	⇨	Point to triangle
You can draw here	⇨	Point to box under the triangle and wait for child to copy. When finished, move on to next exercise. Mark this exercise at the end of the assessment

	Criteria
6a	1. There are two intersecting lines at approximate midpoints 2. The direction is closer to an X than a + 3. The length of all four "legs" are approximately equal
6b	1. The drawing is a curved/round figure 2. Closed figure 3. No more than 2:1 ratio between height and width
6c	1. Four clearly defined sides 2. Corners approximately 90 degrees 3. Parallel sides approximately equal
6d	1. Three clearly defined sides 2. Sides approximately equal length 3. Sides meet at joints and do not substantially overlap

#7 Receptive spatial vocabulary	
MATERIALS	Sheet #7: Receptive spatial vocabulary
STOP RULES	None
PROMPT RULES	None

#7 Instructions		
Assessor says		Assessor does
Now I am going to ask you some questions about some pictures	⇨	Place Sheet #7 Spatial Vocabulary Items in front of child
Look at all the pictures	⇨	Point to each picture
Then point to the one picture that shows what I say	⇨	Ask each question slowly and clearly

	Assessor says		Assessor does	Correct answer
7a	Point to the picture with the ball on the box.	⇨	-	Child points to picture with ball on the box
7b	Point to the picture with the ball under the box.	⇨	-	Child points to picture with ball under the box
7c	Point to the picture with the ball in front of the box.	⇨	-	Child points to picture with ball in front of the box
7d	Point to the picture with the ball next to the box.	⇨	-	Child points to picture with ball next to the box
7e	Point to the picture with the ball in the box.	⇨	-	Child points to picture with ball in the box

#8 Verbal counting	
MATERIALS	None
STOP RULES	When a child states a number incorrectly or reaches 20, write highest number counted and check that stop rule was used.
PROMPT RULES	Prompt as necessary: What comes after <<last number stated>>? Self-correcting allowed.

#8 Instructions		
Assessor says		Assessor does
Now we are going to play some counting games. The first game is a counting out loud game. How high can you count? Start at one and count	⇨	Allow child to count

#9 Producing a set	
MATERIALS	20 uniformly sized small objects that can be used for counting (e.g., stones, bottle caps). Items should not be able to roll. No food items should be used
STOP RULES	If child cannot give you 3 items and cannot give you 6 items, move on to next assessment task. If child misses only one of the first two items, proceed with last item. Check that stop rule was used and mark 9c as no response [99].
PROMPT RULES	If the child counts all the counters, or moves some into one pile but it is not clear if the child is 'giving' them to you, you can prompt by saying "Are these for me?"

#9 Instructions		
Assessor says		Assessor does
Now we'll play a game with counters.	⇨	Arrange 20 counters randomly in front of the child and then ask each question slowly and clearly

	Assessor says		Assessor does	Correct answer
9a	Please give me 3 counters	⇨	After child has responded put 20 counters back to starting position	Hands or pushes over 3 counters
9b	Now, please give me 6 counters	⇨	After child has responded put 20 counters back to starting position	Hands or pushes over 6 counters
9c	Now, please give me 14 counters	⇨	-	Hands or pushes over 14 counters

#10 Number identification	
MATERIALS	Sheet #10 Number Identification and a blank sheet of paper to cover a column
STOP RULES	If child does not get any in the first column correct, do not go on to the second column. Check that stop rule was used and mark all of the second column items as no response [99]
PROMPT RULES	Self-correcting is allowed but if the child gets stuck for more than 5 seconds, point to the next number and say: “Let's try this one”

#10 Instructions		
Assessor says		Assessor does
We will play a different number game now	⇨	Place Sheet #10 Number Identification in front of the child. Using a sheet of blank paper, cover the right column
Here are some numbers. Point to a number and tell me the number.	⇨	Have the child point to the first number in the left column
What number is this?	⇨	Let the child identify the number, then allow the child to continue pointing to each number down the column
When the child finishes the last number in the left column	⇨	Cover the left column and have the child point to the first number in the right column
What number is this?	⇨	Let the child carry on naming numbers in the right column

	Assessor says	
10a	What number is this?	2
10b	What number is this?	7
10c	What number is this?	9
10d	What number is this?	8
10e	What number is this?	5
10f	What number is this?	13
10g	What number is this?	17
10h	What number is this?	12
10i	What number is this?	14
10j	What number is this?	20

#11 Number comparison	
MATERIALS	None
STOP RULES	None
PROMPT RULES	None

#11 Instructions		
Assessor says		Assessor does
Now I'll ask you a few questions about numbers.	⇨	Ask each question slowly and clearly and slightly emphasise the word "bigger" or "smaller" when asking each question

	Assessor says		Assessor does	Correct answer
11a	Which number is bigger 3 or 5	⇨	-	5
11b	Which number is bigger 8 or 6	⇨	-	8
11c	Which number is smaller 4 or 7	⇨	-	7

#12 Simple addition and subtraction	
MATERIALS	10 small stones that can be used for counting. Stones should not be able to roll.
STOP RULES	None
PROMPT RULES	If child counts ("one, two, three, four, five") ask again, "How many will you have altogether?" If child shows quantity on fingers, ask, "Can you say it?"

#12 Instructions		
Assessor says		Assessor does
I am going to ask you a question about numbers. Here are some stones to help you. You can use them if you want to, but you don't have to. Listen very carefully to the question.	⇨	Place ten stones to the side of the child on the table then ask each question slowly and clearly

	Assessor says		Assessor does	Correct answer
12a	If you have 2 stones and I give you 1 more stone, how many stones will you have altogether	⇨	-	3
12b	If you have 3 stones and I give you 2 more stones, how many stones will you have altogether	⇨	-	5
12c	If you have 4 stones and I give you 2 more stones, how many stones will you have altogether	⇨	-	6
12d	If you have 5 stones and you give me 2 stones, how many stones will you have left	⇨	-	3

#13 Forward digit span	
MATERIALS	None
STOP RULES	None
PROMPT RULES	If the child makes an error, supply the correct answer on the practice items only

#13 Instructions		
Assessor says		Assessor does
In this game, I am going to say a list of numbers. After you hear the numbers, I want you to repeat them after me in the same order. If I say 7..8, You say 7…8 Now you try a couple. Please listen carefully.	⇨	Pause and always pause for one second in between each number in the sequence. For example « 4 » [pause] « 2 ».
4 … 2	⇨	Wait for child to respond. If the child makes an error, supply the correct answer. If the child answers correctly say "That's right"
6 … 1 … 3	⇨	Wait for child to respond. If the child makes an error, supply the correct answer. If the child answers correctly say "That's right"
Okay, now let's do some more. Just listen carefully, and do your best	⇨	Pause for one second in between each number in the sequence.

	Assessor says		Assessor does	Correct answer
13a	*1… 6*	⇨	Pause for one second between each number	1… 6
13b	5… 2… 8	⇨	Pause for one second between each number	5… 2… 8
13c	3… 5… 4	⇨	Pause for one second between each number	3… 5… 9
13d	8… 3… 1… 4	⇨	Pause for one second between each number	8… 3… 1… 4
13e	1… 2… 4… 7… 3	⇨	Pause for one second between each number	1… 2… 4… 7… 3

#14 Backward digit span	
MATERIALS	None
STOP RULES	None
PROMPT RULES	If the child makes an error, supply the correct answer on the practice items only

#14 Instructions		
Assessor says		Assessor does
Now we are going to play another number game. I'm going to say a list of numbers and you are going to say them backwards. If I say 1, 2, You say 2, 1	⇨	Always pause for one second in between each number in the sequence. For example « 4 » [pause] « 2 »
Now you try it The numbers are 1, 2	⇨	Wait for child to respond. If the child responds correctly, say "That's right" If the child does not respond correctly, say: "The numbers are: 1, 2. When I say them backwards, they are 2, 1"
Let's try another one: 4, 8, 3	⇨	Wait for child to respond. If the child responds correctly, say "That's right" If the child does not respond correctly, say "The numbers are: 4, 8, 3. When I say them backwards, they are 3, 8, 4"
Let's do more. Whatever I say, you should say it backwards. Just listen carefully, and do your best	⇨	Pause for one second in between each number in the sequence

	Assessor says		Assessor does	Correct answer
14a	*4… 1*	⇨	Pause for one second between each number	*1… 4*
14b	2… 8… 8	⇨	Pause for one second between each number	8… 8… 2
14c	3… 1… 7	⇨	Pause for one second between each number	7… 1… 3
14d	4… 8… 2… 7	⇨	Pause for one second between each number	7… 2… 8… 4
14e	8… 3… 6… 1… 5	⇨	Pause for one second between each number	5… 1… 6… 3… 8
