SAY: You will remember that whenever we have visited you, at the end of the interview, in gratitude to the time that you have given us to answer all the questions, we have given you a a small amount of money or transferred mobile card

This time, as it is not possible to visit the participants in their homes, we will not be able to personally carry and deliver any presents, so, only for this time, at the end of each survey call, each participant will be given Birr 100 or Mobile card which is the approximate equivalent to the value of the money

The delivery of the money would be made by means of a "Money Order" by Commercial Bank of Ethiopia or any other bank that the participant indicates, so that they can collect it from there. Or if you don't have access to a Bank we may send you mobile card equivalent to the money. Or if you prefer to receive the money, we can send you the amount through our local guide. Please let us know your preference.

This is the information that I wanted to give you and that when I call you back, I will give you a much broader and more detailed explanation so that you can freely decide whether or not you want to participate in the aforementioned survey.At the moment, I can tell you that it has been very good for me to meet and talk with you.
