Hello, (are you) / is this [SELECT NAMER5 FROM IN_OC_R5_HouseholdRoster where CHILDCODE=(select CHILDCODE from IN_OC_COVID) AND MEMIDR5=0] ... , Hi, I am (first and last name of ENUMERATOR), of the Young Lives Study. The last time I spoke to you (or my partner (say the name of the ENUMERATOR who did the tracking) talked to you) was in [SELECT DOT FROM IN_OC_DATETRCK where CHILDCODE=(select CHILDCODE from IN_OC_COVID)] (mention if it was by phone or if you visited them at home), do you remember? On that occasion we told you that a new Round of the study was starting and that from August of 2020 we were going to visit you again. You agreed and we were very happy. To our regret, we are unable to visit you due to the Health Emergency/Coronavirus/COVID-19. We hope that you and your family are safe and that this situation will get better, which is why we plan to visit you next year and meet you again.

FAREWELL 1

SAY: YL Child´s name don´t worry, your decision is absolutely free and voluntary, we understand and respect it. It is necessary that you know that choosing not to participate in this "conversation" doesn´t affect at all your link with Young Lives because you are still an important part of the study until you decide. That is why is important and necessary that you know that between August-October, I will call you again to invite them to participate in a survey with questions related to the Covid-19 / Corona virus, the quarantine and the national emergency, and its effects on the health, education, economy and work of each young participant and their household's. The entire survey takes approximately 30 minutes. As always, the survey will be done with the consent of each young person and on the day and time that (he / she indicates?) is most convenient for them according to their activities….

SAY: You will remember that whenever we have visited you, at the end of the interview, in gratitude to the time that you have given us to answer all the questions, we have given you a money purse, vanity bag, etc, right?

This time, as it is not possible to visit the participants in their homes, we will not be able to personally carry and deliver any presents, so, only for this time, at the end of the survey, all participants will be given Rs. 600, which is the approximate equivalent to the value (cost) of the present

The delivery of the money would be made by means of a "Money Order" or any other bank that the participant indicates, so that they can collect it from there. Or if you don't have access to a Bank The amount will be sent through any nationalised banks by RTGS or we don't want to give us your bank account or you don't have one, we will send the amount by "Money Order" and it will take 4 or 5 days to reach them through Post office. In both cases we will send a photo copy of the receipt.

This is the information that I wanted to give you and that when I call you back, I will give you a much broader and more detailed explanation so that you can freely decide whether or not you want to participate in the aforementioned survey.At the moment, I can tell you that it has been very good for me to meet and talk with you.

Thank you very much for your attention and remember that in between August and October, I am calling you again. Please enter any comments

FAREWELL 1

SAY: YL Child´s name don´t worry, your decision is absolutely free and voluntary, we understand and respect it. It is necessary that you know that choosing not to participate in this "conversation" doesn´t affect at all your link with Young Lives because you are still an important part of the study until you decide. That is why is important and necessary that you know that between August-October, I will call you again to invite them to participate in a survey with questions related to the Covid-19 / Corona virus, the quarantine and the national emergency, and its effects on the health, education, economy and work of each young participant and their household's. The entire survey takes approximately 30 minutes. As always, the survey will be done with the consent of each young person and on the day and time that (he / she indicates?) is most convenient for them according to their activities….

SAY: You will remember that whenever we have visited you, at the end of the interview, in gratitude to the time that you have given us to answer all the questions, we have given you a money purse, vanity bag, etc, right?

This time, as it is not possible to visit the participants in their homes, we will not be able to personally carry and deliver any presents, so, only for this time, at the end of the survey, all participants will be given Rs. 600, which is the approximate equivalent to the value (cost) of the present

The delivery of the money would be made by means of a "Money Order" or any other bank that the participant indicates, so that they can collect it from there. Or if you don't have access to a Bank The amount will be sent through any nationalised banks by RTGS or we don't want to give us your bank account or you don't have one, we will send the amount by "Money Order" and it will take 4 or 5 days to reach them through Post office. In both cases we will send a photo copy of the receipt.

This is the information that I wanted to give you and that when I call you back, I will give you a much broader and more detailed explanation so that you can freely decide whether or not you want to participate in the aforementioned survey.At the moment, I can tell you that it has been very good for me to meet and talk with you.

Thank you very much for your attention and remember that in between August and October, I am calling you again. Please enter any comments
