On that occasion we told you that we were going to contact you again to invite you to participate in a phone survey with questions related to the Covid-19 /Coronavirus, the quarantine, and its effects on your health, wellbeing, education, economy and work and your household. The information we are collecting from you and the other Young Lives Children in our country will help the authorities of the government and our health system to know how to better prevent and deal with these types of emergencies, for the benefit of the entire population.

The entire survey takes approximately 45 minutes.. As always, the survey will be done with your consent and on the day and time that is most convenient for you. You know that everything you tell me is
