Introduction

The 2016-2017 Ethiopia School Survey Wave 2 Data was collected in May 2017. The instruments used for data collection are;

- Students Questionnaires.
- Teacher Questionnaires

This data dictionary has been created to accompany the data to be archived and provide clarifications were necessary.

The Ethiopia Wave 2.dta file contains all the data collected at the end of the school year (Wave 2). The data has been merged into one data file at the student level. The following tables give a brief description of the variable name and variable labels as well as the codes for each variable.

Table 1: Identifiers

The variables in table 1 have been used to uniquely identify students, school and sections within schools.

VARIABLE	VARIABLE LABEL
UNIQUEID	ID Student unique id
SCHLID	SC School id
SECTIONID	SE Section id
STUDENTID	ST Student id

Table 2a: Students Questionnaire

The variables in table 2 represent data collected at the student level. The student questionnaire in Wave 2 collects information on student's work, time-use and extra classes.

VARIABLE	VARIABLE LABEL

Appendix: Linking Maths and English Test Items between Waves and across Ethiopia, India and Vietnam.

The Young Lives 2016-2017 school survey administered test items from a universal bank of items pulled from different sources[1], for both English and maths. Some items were common between the two waves of the surveys in one country while others were common across the three countries.

This document provides tables to enable data users link the common items across countries and (or) between waves in one country.

Universal item number refers to the unique identification number for each item in the item bank. W1 (country) item number is the unique identification number for the items as administered in the country at wave 1 (beginning of the school year). W2 (country) is the unique identification number for the items as administered in the country at wave 2 (end of the school year).

Table A1: Maths items administered in Ethiopia, India and Vietnam in W1 and W2.
